Our faculty members with their diverse educational and personal background bring to this campus a rich variety of knowledge and experience that contributes to global awareness and a better understanding of education. HPS teachers have a commitment to students that stretches from classroom to athletic field and every place in between. They share the joy of a child who has worked hard to complete a project, and the pain of a losing team. They know when to listen, when to advice and when to simply give the children time to sort through things on their own. They are Determined, Dedicated and Demonstrative.

From the Principal's desk...

A deep sense of appreciation gratitude and joy surge through my heart as I greet you through the column of this prospectus. The former name of Heritage Public School was Prachee's Kingdom which was established in the year 2004 as a pre-school for kids. Thereafter the school has traversed a long journey growing with each passing day and finally in the year 2011 the name of the school is changed to Heritage Public School. It is now affiliated to Central Board of Secondary Education, New Delhi. We truly are a school with a difference..... who says children dislike school ? One would get to see more smiling faces here than anywhere else. Our aim is to mould young ones by infusing resounding and vibrating morality, strengthening character and knowledge so that they can convert themselves as responsible citizens with strong personality, character, god fearing, patriotic and to show the way, with the right perspective that everyone can face the challenges of the modern day. We applaud their effort more than just high score.

Our school emblem signifies continue growth and achievements of students. The school faculty aims to provide students with a sense of personal freedom where they can develop their academic potential and prepare to soar high in the real world.
